

YAHWEH ... HOW THE HEBREW NAME OF THE GOD OF JESUS GOT TO BE SCRIPTURALLY OBLITERATED FROM ENGLISH BIBLES FOR OVER 400 YEARS

A one-page handout for English speaking Christians

Some **82%** of the people who regularly read the English Bible today will reach for the **King James Bible** before any other. This Bible ... complete with its still **serious mistranslations** into English ... was first printed in 1611 AD.

In 2021, the **British and Foreign Bible Society** estimated that between **5 to 7 billion** of these King James Bibles have been printed globally.

The average citizen in America owns **9** Bibles. And most of these Bibles too, contain the same **mistranslations** of the name of **YAHWEH** that should have been apparent over 400 years ago. And are they really mistranslations ?
Judge for yourself.

We don't need to look far for simple and clear evidence to prove our point. All we need is a modern version of our 1611 AD King James Bible that was **revised** and **re-printed** as the **The Names of God Bible** in 2011 AD. In this 21st century version by Ann Spangler, the name **YAHWEH** is printed **6823** times **in red** beside the original 17th century **mistranslations**.

When each of literally billions of books about GOD and His holy son JESUS omit the **scripturally stipulated** name of GOD no less than **6823** times, then it is my **guess** that, as Christians, we have created a global **blasphemy**. And this begs the question : have we also created a global **curse** ?

As Christians we should never forget that it is the **GOD OF ALL GODS** whose name is **YAHWEH** who

- (1) **parted** the Red Sea for Moses.
- (2) **destroyed** the army of the Pharaoh for Moses.
- (3) **powered** all the subsequent miracles for Moses and his people.
- (4) also **powered** all the miracles for **JESUS** and **raised him** from the dead.
- (5) Featured in **all** of the scriptures that were quoted by **JESUS** in His preaching.
